

Appl. No. 10/014,977
Amendment dated April 22, 2005
Response to Interview Summary of April 13, 2005 Interview

Remarks/Arguments

Attorney for Applicant is appreciative of the courtesy shown by Examiner Nasser during an interview in this case on April 13, 2005. An amendment is filed herewith adding the limitation "only the immediately previous" expands both. As noted in the Interview Summary, "such a limitation would define over the rejection based on Culver." Support for this amendment is found at paragraph 0016.

Allowance of claims 1-42, as amended is earnestly solicited.

Appl. No. 10/014,977
Amendment dated April 22, 2005
Response to Interview Summary of April 13, 2005 Interview

Conclusion

In light of the foregoing amendments and remarks, all of the claims pending in this application are believed to be patentable over the art of record. Thus, Applicant respectfully requests that the Examiner favorably consider the claims and timely issue a Notice of Allowance.

Respectfully submitted
